

Bring Your Own Laptop Student Feedback

“Being able to show parents what you’ve done at school”

“You can follow-up school work at home – correcting it, re-doing it or completing it”

“If you are away, you can still complete school work at home on your own device”

“Ask teacher for help via email at school or home”

“We like the feedback we get from the teachers on our devices”

“We find our own devices work much better than the school devices – able to connect to internet better and less log-on issues”

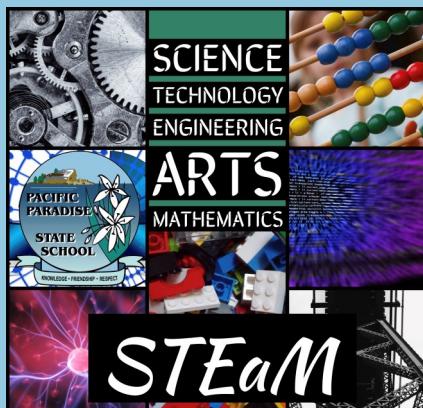

“Much easier for the teacher”

“This year with BYOD there’s less teacher talk and more opportunities for students to watch videos and learn independently at their own pace”

“Better for environment, much less paper usage”

“Being ready for future jobs”

“Able to stay focussed on computer and learn for longer”

Minimum Device Specifications

In order to provide a consistent experience for students, it is important the device meets the minimum standards outlined below, this will ensure the device is able to connect to the school network and ensure that digital content used in the classroom is compatible with the chosen device. Please do not purchase a device unless you are sure the device meets the following specifications.

***Windows 10 or 11 (not in S Mode)**

OR

- **Mac** (minimum operation system: macOS Monterey)
- **6 hour battery** (no charging at school- don't bring charger)
- **Dual Band WiFi:** 5 GHz compatible essential

We do not support: *Apple iPads, Google Chromebook, Microsoft Surface RT, Android tablets. These devices are not compatible with our Bring Your Own Laptop program offered to Years 4, 5 and 6 in 2022. Further important details are available in our Pacific Paradise State School Bring Your Own Laptop Charter for years 4, 5 and 6 2022.

Steps to participate:

*Read the Pacific Paradise State School Bring Your Own Laptop Charter for years 4, 5 and 6 2022– available on our school website and sent in an email to eligible families.

*Make sure the device you intend to use in our program meets the minimum device specifications.

*Fill in the digital form sent out in an email and let us know if you are or are not participating.

Bring Your Own Laptop

Pacific Paradise State School highly values the engaging and rich learning experiences that effective technology integration can bring. The promotion and advancement of Bring Your Own Laptop aligns with world wide educational trends to ensure today's learners are more adept at communication, creating, collaborating and critical thinking in a technology driven world.

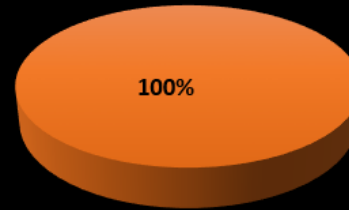

Access to technology through a Bring Your Own Laptop program has changed how we communicate, think and process information. Digital technologies can maximize learning opportunities and support learning that is connected, collaborative and global. Students at Pacific Paradise will learn how to engage with the world around them and acquire digital skills to participate in life and work beyond school, this includes:

- * Access to quality resources
- * Learn anytime, anywhere
- * Self-directed learning
- * Connecting and collaborating
- * Developing digital skills
- * Accessing and reviewing in real-time
- * Connecting families to learning
- * Crossing educational divides

As educators we are building 21st century skills, using enabling technologies and personalising learning to engage students in diverse and creative ways.
